PREFACE

ORIGINAL PAGE 1

APPLICATION

This Tariff contains the regulations and rates applicable to intrastate telecommunications services furnished by The AT&T Corp. in the State of Arizona.

EXPLANATION OF TARIFF CHANGE SYMBOLS

These symbols will appear in the right hand margin, when applicable.

- (C) - To signify changed regulation
- (D) - To signify discontinued material
- (I) - To signify rate increase
- (M) - To signify material moved from or to another part of the
Tariff with no change, unless there is another Tariff change
symbol present
- (N) - To signify new material
- (T) - To signify a change in text but no change in rate or
regulation
- (R) - To signify rate reduction

SECTION 1
ORIGINAL PAGE 1

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS

ACCESS LINE

A transmission path that connects a Customer premises to an AT&T Central Office.

ACCESS LINE GROUPING

An access line or group of access lines with the same identifying number. A group of access lines may be either standard or special access lines, but must be all of one type.

ACCESSORIES

Devices which are mechanically attached to, or used with, the facilities furnished by the Carrier and which are independent of, and not electrically, acoustically, or inductively connected to, the conductors in the communications path of the Carrier facilities.

ASSEMBLY

A configuration consisting of Customer equipment and/or a Customer communications system or systems, which is connected to Custom Network Services.

AT&T CENTRAL OFFICE

The physical point of access for a service to the AT&T interoffice network. Criteria for establishing AT&T Central Offices and a list of AT&T Central Offices with services provided can be found in the AT&T Business Service Guides.

AUTHORIZED USER

A person, firm or corporation who is authorized by the Customer or joint user to be connected to the service of the Customer or joint user, respectively. An authorized user must be specifically named in the application for service and on whose premises a station of the service must be located.

SECTION 1
ORIGINAL PAGE 2

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

BAUD

A unit of signaling speed. It is the reciprocal of the time duration in seconds of the shortest signal element (mark or space) within a code signal. The speed in bauds is the number of signal elements per second.

BIT

The smallest unit of information in the binary system of notation.

BRIDGING

The process of connecting local channels of a multipoint channel service in a wire center by use of a bridging device.

BUILDING

A structure consisting of an enclosed area surrounded by outside walls and under one continuous roof.

CALL

A completed connection established between a calling station and one or more called stations.

CALLED STATION

The station (e.g., telephone number) called, or the terminating point of a call.

CALLING CARD¹

A billing arrangement by which a call may be charged to an authorized Carrier Calling Card account.

CALLING STATION

The station from which the call is originated.

CARRIER

Refers to AT&T Corp.

¹ AT&T Card
Advice No. 705

SECTION 1

ORIGINAL PAGE 3

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

CATEGORY I

Connections to those voice grade circuits identified in Section 68.2 (a) (2) of the FCC Rules and Regulations.

CATEGORY II

Connections not within the scope of Part 68 of the FCC Rules and Regulations.

CATEGORY III

Connections to those voice grade circuits identified in Section 68.2 (a) (3) of the FCC Rules and Regulations.

CENTRAL OFFICE

A switching unit providing telecommunications services to the general public for terminating and interconnecting lines. More than one central office may be located in the same building.

CHANNEL

A path for communication between two or more stations furnished in such a manner as the Carrier may elect.

CHANNEL EQUIPMENT

The equipment used by the Carrier to: terminate, switch, condition, enhance signaling or improve transmission of a channel.

CHANNEL SERVICE

The channels (local, interoffice and interexchange) furnished to a Customer as a channel service without intermediate switching arrangements.

CHANNEL SERVICE UNIT

A channel service unit is equipment which performs the function of properly terminating a Digital Data Local Channel.

SECTION 1

ORIGINAL PAGE 4

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

CHANNEL TERMINAL

The portion of a channel service required to terminate the interexchange or interoffice transmission system. This is predominantly Carrier multiplex equipment required to derive voice grade channels from line facilities.

COMMERCIAL CREDIT CARD

A billing arrangement by which a call may be charged to an authorized commercial credit card number.

COMMON USER NETWORK

A network furnished by this Carrier which may be used by more than one Customer.

COMMUNICATIONS SYSTEMS

Non-Carrier dedicated channels and equipment furnished for communications between premises.

CONNECTING ARRANGEMENT

The equipment provided by the Carrier to accomplish the direct electrical connection of Customer facilities with the facilities of the Carrier.

CONNECTING COMPANY/CARRIER

Any telephone company or carrier whose facilities may be connected with those of the Carrier for the purpose of furnishing telecommunications services.

CONTRACT

The service agreement between a Customer and the Carrier under which facilities for communications between specified locations are furnished, in accordance with the provisions of this Tariff.

CUSTOMER

The person, firm, corporation or government agency contracting for service and responsible for the payment of charges and compliance with Carrier regulations. A channel service Customer must have a communications requirement of their own.

SECTION 1
ORIGINAL PAGE 5

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

CUSTOMER EQUIPMENT

Station or terminal equipment provided by the Customer, authorized user or joint user.

CUSTOMER COMMUNICATIONS SYSTEM

Dedicated private line channels and equipment (e.g., microwave or cable system) furnished by the Customer for communications between premises.

DATA ACCESS ARRANGEMENT

A protective connecting arrangement for use with the network control signaling unit, or, in lieu of the connecting arrangement, an arrangement to identify a central office line and protective facilities and procedures to determine compliance with criteria specified in Section 9 of this tariff.

DIGITAL ACCESS LINE

A path for digital transmission furnished within the serving area of a digital city between the central office and a station.

DIGITAL CITY

A city in which a central office is located and serves a specific geographic area for Dataphone® Digital Service.

DIGITAL CITY RATE CENTER

A specified geographical location in a Digital City from which mileage measurements are determined for the application of channel and Digital Access Line mileage rates.

DIGITAL SERVICES

Services for transmission of digital signals using only digital transmission facilities.

SECTION 1

ORIGINAL PAGE 6

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

DIRECT ELECTRICAL CONNECTION

A physical connection of the electrical conductors in the communications path.

DUPLEX

Service which provides for simultaneous transmission in both directions.

EXCHANGE

A geographical unit established for the administration of telecommunication services in a specified area.

56 KBPS SWITCHED DIGITAL SERVICE CENTRAL OFFICE

An AT&T Central Office where 56 Kbps Switched Digital Service is furnished.

FOREIGN EXCHANGE SERVICE

Provides Customers with the capability of local exchange service in a remote exchange via a channel service.

GRANDFATHERED

A term which describes Customer equipment that was directly connected as specified below and that is grandfathered under Part 68 of the Federal Communications Commission, Rules and Regulations because:

- The terminal equipment was directly connected to the telecommunications network or local exchange services prior to July 1, 1979.
- The multiline terminating system was directly connected to the telecommunications network or local exchange service prior to January 1, 1980.
- The protective circuitry was directly connected to the telecommunications network or local exchange service prior to the dates set forth preceding.

HOME NPA

As used in connection with AT&T MEGACOM 800 Service, the NPA of the AT&T MEGACOM 800 Service Central Office from which a Customer has obtained service. As used in connection with AT&T 800 READYLINE the NPA from which a Customer obtains AT&T 800 READYLINE Service.

SECTION 1

ORIGINAL PAGE 7

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

INTEREXCHANGE CHANNEL

The portion of a channel service that interconnects exchanges where stations or channel terminations are located.

INTERFACE

That point on the premises of the Customer, authorized user or joint user where the channel service terminates and connection is made with Customer equipment.

INTEROFFICE CHANNEL

That portion of a channel service which interconnects an interexchange channel with a local channel.

INTEROFFICE CHANNEL TERMINAL

The portion of a channel service required to terminate the interoffice transmission system. Interoffice channel terminals provide the function of interconnecting interoffice channels and local channels.

JOINT USER

A person, firm or corporation who is designated by the Customer as a user of a channel service furnished to the Customer and to whom a portion of the charge for the service will be billed under a joint user arrangement.

LOCAL ACCESS AND TRANSPORT AREA (LATA)

A geographic area established by a local exchange carrier which delimits its operational area and may include points outside the state.

LOCAL CHANNEL

The portion of a channel service required for connecting the interexchange or interoffice channel of a channel service to a Customer location.

LOCAL EXCHANGE CARRIER

The carrier that provides local exchange service within an authorized serving area.

SECTION 1

ORIGINAL PAGE 8

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

MESSAGE TELECOMMUNICATIONS SERVICE (MTS)

A communication between two or more stations located in different local service areas.

MISCELLANEOUS COMMON CARRIER

A communications common carrier which is engaged in providing service by radio through a base station authorized by the Federal Communications Commission but who does not also provide a public land wire telecommunications service.

MULTILINE TERMINATING SYSTEM

Premises switching equipment and key telephone type systems which are capable of terminating more than one local exchange service line, WATS access line, channel service or communications system.

MULTIPOINT SERVICE

A service which provides communications capability between more than two channel service station locations constituting a common dedicated communications system.

NETWORK CONTROL SIGNALING

Transmission of signals used for telecommunications services which perform functions such as supervision (control, status, and charging signals), address signaling (e.g., dialing), calling and called number identification, audible tone signals (call process signals indicating reorder or busy conditions, alerting, coin denominations, coin collect and coin return tones) to control the operating of switching machines.

OBSOLETE SERVICES

Services referred to as obsolete are no longer suitable to meet the current needs of the general public. They will not be furnished as a new entire item of service to any Customer or applicant.

OFF-NETWORK CALL

A call between a station on a Custom Network Service and a station which is not associated with a Custom Network Service.

SECTION 1
ORIGINAL PAGE 9

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

ON-NETWORK CALL

A call between stations on a Custom Network Service.

PREMISES

A building or buildings on continuous property (except rights-of-way, etc.) not separated by a public thoroughfare.

PROTECTIVE CIRCUITRY

Discrete electrical circuitry that is within the scope of the Registration Program and is designed to protect Custom Network Service from harm.

RATE CENTER

A specified geographical point within or outside an exchange area, from which mileage measurements are determined for the application of mileage rates for either channel services or message telecommunications services rates.

REGISTERED

A term which means compliance with and approval within the Registration Program.

REGISTERED EQUIPMENT

Equipment which complies and has been approved within the registration provisions of Part 68 of the FCC Rules and Regulations.

REGISTRATION PROGRAM

Part 68 of the FCC Rules and Regulations which permits Customer Equipment to be directly connected to Custom Network Service and certain circuits without the requirement for protective circuitry.

SPECIAL ACCESS LINE

A dedicated communication path that connects a Customer premises to an AT&T switched service using services obtained from the AT&T Business Services Guides or access obtained from others.

SPECIAL ACCESS SURCHARGE

This is a surcharge, which is required to compensate the Local Exchange Carriers for use of the local exchange network. The surcharge applies to all voice grade and equivalent voice grade channel service terminations which are capable of connection to the local exchange network.

SECTION 1

ORIGINAL PAGE 10

SECTION 1 - DEFINITIONS

1.1 DEFINITION OF TERMS (continued)

STANDARD ACCESS LINE

A transmission path that connects a customer premises to an AT&T custom service using local exchange company central office switching equipment and a common user transmission path to an AT&T central office.

STATION

A signaling unit and other type equipment at a point on a premises which allows the Customer to establish communication or at which a channel is terminated. Or any location from which Custom Network Service calls can be placed and/or received.

SWITCHING EQUIPMENT

Equipment which performs the function of establishing and releasing connections on a per call basis between stations, telecommunications services, or communications systems.

TERMINAL EQUIPMENT

Any telecommunications equipment other than a multiline terminating system, or communications system connected to Custom Network Service at a Customer's or User's premises.

WIRE CENTER

The building, (1) which houses the local equipment from which channel services are furnished and (2) where cable facilities are terminated which furnishes service within a designated wire center serving area.

- Primary Wire Center

The wire center in a multi-wire center exchange in which most interexchange circuits terminate.

- Serving Wire Center

The wire center from which service is provided to the Customer.

- Wire Center Serving Area

The area of the exchange served by a single wire center.

SECTION 2

ORIGINAL PAGE 1

SECTION 2 - GENERAL REGULATIONS

2.1 ESTABLISHING AND FURNISHING SERVICE

The general regulations are applicable in addition to the specific regulations for service offerings in other sections of this Tariff.

The terms, conditions and Customer eligibility described in this tariff are specific to the intrastate consumer service offers. All other applicable terms and conditions can be found in AT&T's FCC Tariff No. 27 until July 31, 2001, and effective on and after August 1, 2001, in the consumer AT&T Service Guides located at www.att.com/serviceguide/home.

Customers subscribing to both interstate and intrastate long distance service may be charged interstate fees in addition to the charges listed in this tariff. See AT&T's Consumer Service Guide website located at www.att.com/serviceguide/home for an explanation of interstate fees.

The Carrier reserves the right to limit use and/or duration of telecommunications services.

2.1.1 APPLICATIONS FOR SERVICE

Applications for establishment or changes of service may be made to the Carrier verbally or in writing. The Carrier or the authorized agent reserves the right to refuse an application for service made by a present or former Customer who is indebted to the Carrier or the authorized agent on the Customer's behalf for service previously furnished, until the indebtedness is satisfied.

2.1.2 CANCELLED APPLICATIONS

Applications for new service, additions or modifications which are cancelled before service is established or before the work is completed may result in a charge to the Customer for all expenses incurred before the cancellation notice is received. However, the charges shall not exceed those, which would apply if the work involved in the application or the request were completed, i.e., all applicable service connection, etc.

2.1.3 CANCELLATION FOR CAUSE

The Carrier by written notice to the Customer five days prior to termination, may immediately cancel the application for or discontinue service without incurring any liability for the following reasons:

- Nonpayment of any sum due the Carrier.
- A violation of any condition governing the furnishing of service.
- By order of a court or other governmental authority having jurisdiction.

SECTION 2
ORIGINAL PAGE 2

SECTION 2 - GENERAL REGULATIONS

2.1 ESTABLISHING AND FURNISHING SERVICE (continued)

2.1.4 OBLIGATION TO FURNISH SERVICE

The Carrier's obligation to furnish service is dependent on its ability to secure and maintain suitable rights and facilities, without unreasonable expense, and to provide for the installation and maintenance of those facilities.

2.1.5 OWNERSHIP AND USE OF FACILITIES

Facilities furnished by the Carrier on the premises of a Customer are the property of the Carrier. Carrier agents and employees must be allowed to enter the Customer's premises at any reasonable hour for installing, inspecting, maintaining, repairing the facilities, or removing them. This remains the responsibility solely of the Carrier, or its agents, unless otherwise specified.

2.1.6 CREDIT ESTABLISHMENT

The Company will conduct a credit investigation of each residential service Customer or applicant prior to accepting the service order, customer deposit or advance payment.

2.2 OBLIGATIONS AND LIABILITY OF THE CARRIER

The liability of the Carrier for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in transmission occurring in the course of furnishing service and not caused by the negligence of the Customer, or of the Carrier, in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs.

The Carrier is liable for damages to a Customer's premises caused by its gross negligence or willful misconduct.

The Carrier is not liable to the Customer for certain claims, losses or damages arising from the use of service furnished under this Tariff, such as:

Claims for libel, slander, invasion of privacy, or infringement of copyright arising from any communication; claims for patent infringement arising from combining or using the Carrier service in connection with facilities or equipment furnished by others; or other claims arising out of any act or omission of others relating to the service provided by the Carrier.

SECTION 2 - GENERAL REGULATIONS

2.2 OBLIGATIONS AND LIABILITY OF THE CARRIER (continued)

The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

SECTION 2 - GENERAL REGULATIONS

2.2 OBLIGATIONS AND LIABILITY OF THE CARRIER (continued)

The Carrier does not guarantee or make any warranty or accept liability for claims, losses, or damages with respect to its service when used in an explosive atmosphere.

The Carrier may require the Customer to sign an agreement before furnishing the service.

The Carrier is not liable for any act or omission of any other company or companies furnishing a portion of the service.

The Carrier does not transmit messages but offers the use of its facilities, when available, for communications between parties.

2.3 OBLIGATIONS OF THE CUSTOMER

The Customer, authorized user or joint user shall provide, install, maintain and bear the expense of the provision of power required to operate Carrier facilities.

The Customer, authorized user or joint user is responsible for reimbursing the Carrier for any loss through theft or damage to facilities caused by negligence or willful acts.

The Carrier's facilities should be available for maintenance purposes at a time agreeable to both the Carrier and the Customer. An allowance will not be made for the period during which the service is interrupted for maintenance. For all channel services the facilities shall be available to the Carrier once in each twenty-four hours.

The Customer is responsible for provision, installation and maintenance of sealed conduit with explosive-proof fittings between facilities furnished by the Carrier in explosive atmospheres and points outside the hazardous area where connection may be made with regular facilities of the Carrier. The Customer must install and maintain service at locations within the hazardous area if, in the opinion of the Carrier, injury to employees or damage to property might result, unless otherwise specified in this Tariff.

SECTION 2
ORIGINAL PAGE 5

SECTION 2 - GENERAL REGULATIONS

2.4 TRANSFER OF SERVICE BETWEEN CUSTOMERS

An applicant may supersede the service of a Customer where an arrangement acceptable to the Carrier is made by the Customer and the applicant to pay all outstanding charges against the service.

2.5 TERMINATION OF SERVICE FOR CAUSE

The Carrier may terminate service, with written notice 5 days prior to termination, due to:

- Nonpayment, Abandonment, Obscenities, Abuse, Fraud, Harassment.

The Company or authorized agent will restrict access to the network when an account is delinquent; in the event of abandonment of a station; the use of foul or profane language over the line of the company; the use of service that interferes with another Customer's service or used for purposed other than communication; the impersonation of another with fraudulent intent. Abuse or fraudulent use of service includes the use of service or facilities of the Company to transmit a message or to locate a person otherwise to give or obtain information, without payment of a message toll charge; or use of the service to harass another person.

- If any law enforcement agency advises the Carrier that the service is being used for unlawful purposes.

The Carrier may terminate service, without written notice, due to the violation of Tariff regulations.

- RIGHT TO REFUSE SERVICE

The Company reserves the right to refuse service to any applicant, or any applicant who wishes to establish service for a former Customer who has been found to be indebted to the Company for service previously furnished. The refusal of service will remain in effect until satisfactory arrangements have been made for the payment of all such indebtedness. At any time the above conditions become apparent to the Company, it may, at its discretion, terminate or suspend service until the prior indebtedness has been satisfied.

2.6 PAYMENTS AND DEPOSITS

2.6.1 PAYMENT OF BILLS

All charges for service and facilities exclusive of toll messages are payable in advance by check, money order, cash or electronically in lawful United States currency. Charges for toll messages are payable upon receipt of the bill.

The Customer is responsible for the payment of all charges for service, facilities and messages placed from or accepted at the Customer's station. Service may be terminated or suspended for non-payment.

ISSUED: OCTOBER 19, 2012

EFFECTIVE: NOVEMBER 1, 2012

BY: CAROL PAULSEN-TARIFF ADMINISTRATOR

SECTION 2
ORIGINAL PAGE 6

SECTION 2 - GENERAL REGULATIONS

2.6 PAYMENTS AND DEPOSITS (continued)

2.6.1 (continued)

Payment, which is not honored by the payer, bank or institution, will be considered as nonpayment, and a return check charge of \$25.00 will apply. When a local exchange company provides the billing function on behalf of the Company, the local exchange company's return check charge applies.

2.6.2 LATE PAYMENT CHARGE

Subject to billing and systems availability, when a bill or estimated bill for AT&T Switched Service charges is presented to the Customer, any amounts for which payment has not been received within 30 calendar days of the invoice date will be considered delinquent. The Customer may be assessed a Late Payment Charge on any delinquent account balance. The period subject to the Late Payment Charge shall commence on the 31st calendar day after the invoice date, and continue from month to month until the delinquent balance is resolved. The Late Payment Charge shall be assessed monthly, based on the delinquent balance maintained on the account at that time. The Late Payment Charge shall be an amount equal to the outstanding delinquent balance multiplied by the applicable interest rate. The interest rate shall be 18% annually, simple interest (1.5% per month, simple interest) unless an applicable law or regulation specifies a lower rate to be charged, and that lower rate shall then apply. The Customer shall not be charged a Late Payment Charge on a delinquent balance, however, if an applicable law or regulation prohibits the imposition of such charges.

In the event a Customer disputes, in good faith, the validity of any charges appearing on its invoice, the amount of these disputed charges will be excluded from the total delinquent balance while the dispute is pending. If the Company sustains the charges after investigating the dispute, the applicable Late Payment Charges shall be deemed correct and binding on the Customer. If, alternately, the Company credits the charges after investigating the dispute, the Late Payment Charges will not apply.

When a local exchange company provides the billing function on behalf of the Company, the local exchange company's local exchange service late payment charge applies. Late payment charges do not apply until after the due date of the bill on which the usage charges first appear.

2.6.3 ADVANCE PAYMENTS

The Carrier reserves the right to require advance payments for service. The amount of advance payment is credited to the Customer's account and applies to any indebtedness under the contract.

SECTION 2

ORIGINAL PAGE 7

SECTION 2 - GENERAL REGULATIONS

2.6 PAYMENTS AND DEPOSITS (continued)

2.6.4 DEPOSITS

The Applicant or Customer may be required to make a deposit to be held as a guarantee for the payment of charges for services furnished. When service is terminated, the amount of the deposit, with interest, will be applied to any indebtedness to the Carrier. A deposit will be refunded or credited to the Customer's account after twelve months if the customer has not been delinquent in payment. The deposit will bear simple interest at the rate of 6 percent a year payable on the actual amount on deposit with the Carrier.

The minimum period for which service and facilities is furnished is one month, unless otherwise specified in this Tariff.

2.6.5 RESTORAL OF SERVICE CONDITIONS

If service is suspended for nonpayment, service will be restored upon receipt of payment of all charges due, which will include the charge for service and facilities during the time of suspension, and may include a restoral charge. If the Customer has a history of payments returned for insufficient funds, the Company may require payment be made by cash, money order or certified check. If payment is made by personal check, service will be restored only after clearance of the check by the bank.

2.7 NOTICE OF DISCONTINUANCE

A customer may provide 15 days prior notice for discontinuance after which billing for the discontinued service will cease, or:

A customer may request for immediate discontinuance of service and will be billed until the LEC disconnects the access service but such billing will not exceed 15 days.

2.8 SPECIAL TAXES, FEES, CHARGES

Insofar as practicable, any sales, use, privilege, excise, franchise or occupation tax, costs of furnishing service without charge or similar taxes or impositions levied by the Federal, State or Local government, or any political subdivision or taxing authority against the Carrier may be billed by the Carrier to its Customers on a pro-rata basis.

SECTION 2

ORIGINAL PAGE 8

SECTION 2 - GENERAL REGULATIONS

2.9 SPECIAL ACCESS SURCHARGE

A Special Access Surcharge applies to each termination of a channel service at a PBX or equivalent device capable of interconnecting the channel with the local exchange network. The surcharge applies to each multipoint termination at a Customer's location, and applies to analog and digital high capacity service on a per voice grade equivalent basis.

The Carrier will bill the Customer for the surcharge, subject to billing capability, on each channel service termination unless the Customer certifies that the channel service termination is exempt from the surcharge. The surcharge rate is specified in the applicable rate sections of this tariff.

2.9.1 EXEMPTIONS FROM THE SURCHARGE

A Customer's channel service termination will be exempted from the monthly surcharge if the Customer certifies to the Carrier that:

- The channel service is terminated in a device which is not capable of interconnecting the service with the local exchange network.
- The channel service termination is associated with Switched Access Service that is subject to Carrier Common Line charges.
- The Channel Service is used for program audio transmission or television service.

Certification must be provided by the Customer when the channel service is ordered or changed. If a certification is not received from the Customer with the order or change of service, the surcharge will be applied.

If the Customer's service termination cannot be exempted as certified, the Carrier reserves the right to bill and/or back bill the Customer as necessary, including any penalty charges that may accrue to the Carrier.

2.9.2 CREDITING THE SURCHARGE

Upon receipt by the Carrier of certification that the Customer's channel service termination is exempt from the surcharge, as specified in 2.9.1 preceding, the Carrier will not bill the Customer at the location certified as exempt.

SECTION 2
ORIGINAL PAGE 9

SECTION 2 - GENERAL REGULATIONS

2.10 ALLOWANCE FOR INTERRUPTIONS

2.10.1 CREDIT ALLOWANCE FOR INTERRUPTIONS (OTHER THAN CHANNEL SERVICES)

When a Carrier-caused error or malfunction causes a Customer's service to be interrupted, the Carrier will provide a credit allowance not exceeding an amount equal to the proportionate charge that would have been billed to the Customer for the period of time the service was interrupted. However, if service is restored within 24 hours of the interruption report or detection by the Carrier, no allowance will be made. These same provisions apply when the Carrier requests the Customer to temporarily surrender their service.

2.10.2 CREDIT ALLOWANCE FOR INTERRUPTIONS ON CHANNEL SERVICES

A credit allowance will be given when a channel service is interrupted, except as specified in A. following. An interruption period begins when the Customer reports a channel service to be interrupted and releases it for testing and repair. An interruption period ends when the channel service is operative. If the Customer reports a channel service to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

In addition, there may be specific credit allowance regulations that only apply to a particular channel service. Those regulations are specified in the section of the tariff which is applicable to the specific channel service.

A. CREDIT ALLOWANCE DOES NOT APPLY FOR:

- Interruptions caused by the negligence of the Customer or others authorized by the Customer to use the service.
- Interruptions due to failure of power, equipment, systems or connections not provided by the Carrier.
- Interruptions during any period when the Customer or User has released a channel service for maintenance or rearrangement purposes, or for the implementation of a Customer order.
- Interruptions during periods when the Customer elects not to release the channel service for testing and/or repair.
- An interruption or group of interruptions, resulting from a common cause, for amounts less than one dollar.
- Interruptions during any period which the Carrier or its agents are not afforded access to the Customer's premises where the channel service is terminated.

If the Customer elects to use another means of communication during the period of interruption, the Customer must pay the charges for the alternative service used.

For calculating credit allowances for monthly service, every month is considered to have 30 days.

SECTION 2

ORIGINAL PAGE 10

SECTION 2 - GENERAL REGULATIONS

2.10 ALLOWANCE FOR INTERRUPTIONS (continued)

2.10.2 CREDIT ALLOWANCE FOR INTERRUPTIONS ON CHANNEL SERVICES (continued)

B. CALCULATION OF CREDIT ALLOWANCE

A credit allowance will be given for a channel service that is interrupted for 30 minutes or more. The credit allowance is determined in the following manner.

1. Calculate the average point value by adding the total monthly charges for the channel service. The sum is then divided by the total number of Customer locations on the service to obtain the average point value.
2. Calculate the average point value for one full day by dividing the average point value for one month by 30 days (1 above divided by 30).
3. Multiply the average point value for one day by the interruption period to be credited (see C.1 following) in order to determine the credit for one point (2 above x interruption period).
4. Multiply the credit for one point by the number of Customer locations affected to determine the credit allowance for the service (3 above x number of locations affected).

Example: A two-point private line channel with two Customer locations interrupted for three hours.

Total monthly charge	= \$1,200
Average point value	= $\$1,200/2$ = \$600.00
Average point value for one full day	= $\$600/30$ = \$20.00
Amount credited for one point	= $\$20 \times 1/5$ = \$4.00
Total credit for the number of Customer locations affected	= $\$4.00 \times 2$ = \$8.00

C. CALCULATION TABLE

The following table is used for calculating credit allowances for interruptions.

1. Interruptions of 24 Hours or Less

<u>Length of Interruption</u>	<u>Interruption Period to be Credited</u>
Less than 30 minutes	None
30 minutes up to, but not including 3 hours	1/10 day
3 hours up to, but not including 6 hours	1/5 day
6 hours up to, but not including 9 hours	2/5 day
9 hours up to, but not including 12 hours	3/5 day
12 hours up to, but not including 15 hours	4/5 day
15 hours up to 24 hours inclusive	one day

ORIGINAL PAGE 11

SECTION 2 - GENERAL REGULATIONS

2.10 ALLOWANCE FOR INTERRUPTIONS (continued)

2.10.2 CREDIT ALLOWANCE FOR INTERRUPTIONS ON CHANNEL SERVICES (continued)

C. CALCULATION TABLE (continued)

Two or more interruptions of 30 minutes or more, during any period up to but not including three hours, shall be considered as one interruption.

2. Interruptions over 24 Hours

Interruptions over 24 hours will be credited 1/5 day for each three-hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

2.11 SPECIAL SERVICE ARRANGEMENTS

Special service arrangements consist of offerings not provided for in the Carrier's applicable tariff. Rates and charges will apply based upon costs incurred and on the circumstances in each case.

These special service arrangements will be provided whenever, in the judgment of the Carrier, there is a valid reason for providing the service requested. In such cases, the Carrier reserves the right to require a minimum period longer than 1 month at the same location.

2.11.1 WORK PERFORMED OUTSIDE REGULAR WORKING HOURS

The rates and charges specified in this tariff contemplate that work will be performed during regular working hours. If, at the request of the Customer, work is performed outside of regular working hours, the Customer may be required to pay any additional costs incurred.

2.11.2 CONSTRUCTION CHARGES

The Carrier bases its rates and charges on services furnished under normal conditions. Installation of facilities involving unusual costs because of factors such as the time period, type of facility, or location requested by the Customer may result in special construction charges which will be based on costs incurred in addition to all other applicable charges.

SECTION 2

ORIGINAL PAGE 12

SECTION 2 - GENERAL REGULATIONS

2.12 APPLICATION OF RATES AND CHARGES

Tariffed rates and charges specified for services offered under this Tariff are maximums. Any change to a tariffed rate or charge at or below the maximum level shall not be construed as an application to increase rates. For services offered under this Tariff the rates and charges floor is set at long run incremental cost. In a price list furnished to the Arizona Corporation Commission by this Carrier, the rates and charges are listed for service offered under this Tariff which are applicable at any given time.

The Carrier will furnish the Commission a new price list reflecting change(s) to rates and charges on not less than one day notice prior to the effective date. New Tariff pages would be filed with the Commission for approval only when increasing maximum levels.

2.13 PROMOTIONAL OFFERINGS

From time to time, the Carrier may offer goods and services at a reduced rate or free of charge for promotional, market research, or rate experimentation purposes. Such offerings will be for a limited duration and Customers will be so notified.

2.14 CHANNEL SERVICE UNIT

Channel Service Units will be provided under this tariff only to the extent that such units are available under the Local Exchange Carriers Access Service Tariff, (i.e., units in a Local Exchange Carrier's inventory as of November 18, 1983).

Channel Service Units for use with Dataphone® Digital Service Local Channels, when provided, are subject to the following conditions:

- The Channel Service Unit can only be relocated within the same building or relocated to a different building on the same premises.
- An off premises move of the Channel Service Unit is considered a disconnect of service and is subject to the rules and regulations for installation of a new service.
- The Carrier will bill the Customer for the Channel Service Units from the effective date of this tariff.

SECTION 3

ORIGINAL PAGE 1

SECTION 3 - SERVICE CHARGES

3.1 GENERAL

Service charges are one time charges that apply for service connections and changes, visits by the Carrier to the Customer's premises when trouble reports result from the use of Customer equipment or facilities, installation of jacks, and the charge for returned checks. They apply in addition to all other rates and charges for service. Service charges unique to channel services only are in Section 7.

3.1.1 CATEGORIES OF CHARGES

The charges are structured to reflect the work required in serving the Customer on each occasion. There are three major categories of charges described in this section:

A. SERVICE ORDERING CHARGE

A Service Ordering Charge is a charge to receive, record and process the Customer's request for service.

The service order charge applies on a per Customer-request basis. "Per Customer request" means work or service ordered by the Customer for completion for the same account at the same time and on the same premises. When a Customer orders more than one main line service and requests each service be installed at separate locations, the per service order treatment is applicable separately to each location.

B. PREMISES VISIT CHARGE

A Premises Visit Charge is a charge for the travel to the Customer's premises for requested work. No additional charges apply for successive visits for Carrier reasons. This charge does not apply for disconnect work.

C. LINE CONNECTION CHARGE

A Line Connection Charge is a charge to arrange a line connection, to provide service between the wire center and the Customer's premises. The charge applies to work which includes, but is not limited to:

- making and changing connections in the wire center.
- making and changing connections in distribution facilities between the wire center and the Customer's premises, including needed cross connections and testing work in the serving wire center.

3.1.2 RESERVED FOR FUTURE USE

SECTION 3 - SERVICE CHARGES

3.2 MULTI-ELEMENT SERVICE CHARGES¹

3.2.1 APPLICATION OF MULTI-ELEMENT SERVICE CHARGES

	MAXIMUM ¹	
	Simple	Multi-Line
Service Ordering Charge - Per Order ³		
For connecting new or additional lines	\$74.00	\$87.50
For other than connecting new or additional lines	\$28.50	\$46.25
For record changes only	\$16.00	\$20.50
Line Connection Charge - Per Line		
Install or connect new	\$32.50	\$32.50
Move, Change, Rearrange, or Conversion	\$14.00	\$14.00
Premises Visit Charge, Per Customer requested Visit- Per premisis	\$6.00	\$6.00

3.2.2 RESERVED FOR FUTURE USE

3.3 MAINTENANCE OF SERVICE CHARGES¹

When a trouble report requires a visit to a Customer's premises and the trouble is due to Customer equipment or facilities, a Maintenance-of-Service Charge applies. This charge varies according to the type of service involved as follows:

	Maximum Maintenance-of-Service Charge ²	USOC
Dataphone® Digital Service	\$83.00	N/A
Channel Services ¹	\$51.55	N/A

3.4 JACKS¹

3.4.1 REGULATIONS

The charges for jacks cover Carrier installation at the interface on the Customer's premises. These charges will apply to install, move or change a jack in addition to other appropriate service charges. The charge will not apply to jacks reconnected in place.

Multiple line data jacks are usable with either fixed loss loop or programmable data equipment. These charges are in addition to Service Charges preceding.

3.4.2 CHARGES

	Maximum Charge ²	USOC
Miniature-modular, each	\$6.00	RJ1++ RJ25C
Series, each, including wiring	\$38.65	RJ3++
Series multiple tip and ring connector, each, including wiring	\$109.70	RJ71C
Weatherproof jack, 2-connector female, each	\$65.45	RJ15C
Four-conductor indoor, each	\$13.80	JKS

¹ When applied to Channel Services these charges are grandfathered as shown in the Custom Network Services Tariff.

² See Price List for current rates.

³ When an order is subject to more than one service ordering charge, only the higher of the charges apply.

SECTION 4

ORIGINAL PAGE 1

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.1 APPLICATION

Message Telecommunications Service applies to all calls made between two or more rate centers within the State of Arizona.

This service is provided for use by the Customer and may be used by others, when so authorized by the Customer, subject to the provisions of this tariff.

4.2 REGULATIONS

Regulations for MTS listed below are in addition to those contained in Section 2.

The message charges specified in this tariff are in payment for all service furnished between the calling and called stations.

The obligations of both Carrier and Customer as described in Section 2 also apply to MTS. In addition, during an MTS call the Customer should exchange identifying information with the called party to protect both their interests.

In order to control fraud, the Carrier may refuse to accept Calling Cards which it determines to be invalid.

Terms and conditions for AT&T Commercial Long Distance Service are set forth in Section 34 of this tariff.

4.3 TWO-POINT SERVICE

4.3.1 CLASSES OF SERVICE

There are five classes of calls. Charges apply according to the class of call the calling station selects.

A. DIAL STATION

Applies when the calling person dials the telephone number without the assistance of an operator and the call is billed to the calling number. Dial Station rates apply when the operator places a call when AT&T facilities are not available for dial completion, when there is trouble on the AT&T network, when the calling party is a Customer with disabilities, or when an AT&T service fault interrupts a call in progress and the Customer cannot redial the call.

SECTION 4

ORIGINAL PAGE 2

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.3 TWO-POINT SERVICE (continued)

4.3.1 CLASSES OF SERVICE (continued)

B. CUSTOMER DIALED CALLING CARD STATION

Applies whenever charges for a Long Distance call are to be billed to a card authorized by the Company. There are three types of cards that may be used for billing purposes and the applicable rates depend on the type of card used. The three types are:

- AT&T CIID/891 Card - An AT&T Calling Card using a non telephone number Card Issuer Identifier (CIID) (14 digit), "891" (21 digit) international billing number format or "personal choice" format.
- Local Exchange Company Calling Card - A calling card issued by a local exchange company that is utilized for the billing of calls over the AT&T Network.
- Commercial Credit/Charge Card - A credit/charge card issued by a non-carrier that is utilized for the billing of calls over the AT&T Network.

A Card Adjustment Factor (CAF) is applied to the total charges billed to a Customer's AT&T CIID/891 Card.

Calling Card rates apply when calls are originated as specified below.

- Customer Dialed/Automated - The Customer dials the appropriate AT&T access code (e.g., 0, 00, 1010288+0, an AT&T designated number for completion of Customer Dialed Calling Card Calls) plus the desired telephone number and completes the call without the assistance of a live AT&T operator or the automated operator system and the call is billed to a Calling Card, or
- Customer Dialed and Operator Assisted - The Customer dials the appropriate AT&T access code (e.g., 0, 00, 1010288+0, an AT&T designated number for completion of Customer Dialed Calling Card Calls) plus the desired telephone number and Company operator assistance is limited to recording the Calling Card number for billing purposes, or
- Customer Dialed and Operator Must Assist - The Customer dials the appropriate AT&T access code (e.g., 0, 00, 1010288+0, an AT&T designated number for completion of Customer Dialed Calling Card Calls) plus the desired telephone number and the local exchange Operator Services equipment capability precludes the Customer from completing the call without the assistance of a Company Operator and the call is billed to the Customer's Calling Card.

In order to control fraud, the Company may refuse to accept a Calling Card which it determines to be invalid.

SECTION 4

ORIGINAL PAGE 3

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.3 TWO-POINT SERVICE (continued)

4.3.1 CLASSES OF SERVICE (continued)

C. OPERATOR DIALED CALLING CARD STATION

Operator Dialed Calling Card Station rates apply when (1) the Customer dials the appropriate AT&T access code (e.g., 0, 00, or 1010288+0), does not enter the called number and is transferred to a live AT&T Operator, and the completed call is billed to a Calling Card; or

(2) the Customer dials an AT&T designated number for completion of Customer Dialed Calling Card Calls, but fails to respond to system prompts and must be transferred to a Company Operator, and the completed call is billed to a Calling Card.

D. OPERATOR STATION

Applies when calls are completed with the assistance of an operator, except as otherwise specified for Dial Station, Customer Dialed Calling Card Station, Operator Dialed Calling Card Station, Person-to-Person and Real Time Rated classes of service. Different rates apply when Operator Station calls are billed to an AT&T CIID/891 card. Operator Station rates apply to:

1. Calls which are billed to a different telephone number (e.g. collect, bill to third number)
2. Public and semi-public coin telephones that use network coin signaling will not be suitably equipped to accept payment by coin for AT&T long distance calls. Alternative payment methods such as calling card, commercial credit card, billed- to-third-number, collect and AT&T prepaid card may be used for AT&T calls made from such telephones.

E. PERSON-TO-PERSON

Applies when a calling station names the particular party to be reached by an operator. The party may be a person, a mobile station, or a station, department or office reached through a Customer private branch exchange attendant. In addition Person-to-Person also applies when the calling party cannot speak to the intended person or station but agrees to speak to someone else or requests an operator to make arrangements with a person to receive a call at a specified time.

When a Customer requests that the Carrier employ a messenger to bring the called party to a telephone (messenger call), the call is charged as Person-to-Person; in addition to the charges for the message, any costs for messenger service are included in the billed amount.

BY: CAROL PAULSEN-TARIFF ADMINISTRATOR

SECTION 4

ORIGINAL PAGE 4

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.3 TWO-POINT SERVICE (continued)

4.3.1 CLASSES OF SERVICE (continued)

F. REAL TIME RATED-OPERATOR STATION/PERSON-TO-PERSON

Real Time Rated rates apply to calls for which the Company furnishes time and charges. Different rates apply when Real Time Rated Calls

4.3.2 RATES AND CHARGES

A. RESERVED FOR FUTURE USE

B. INITIAL MINUTE, ADDITIONAL MINUTES AND SERVICE CHARGES

Two-Point MTS rates are quoted in terms of initial minute, additional minutes and service charges in the Schedule of Rates.

1. Initial Minute

Initial minutes can be rated in whole minute increments or fractional minute increments depending on the calling plan selected.

2. Additional Minute

Additional minutes can be rated in whole minute increments or fractional minute increments depending on the calling plan selected.

3. Service Charge

A service charge applies to each Customer dialed Calling Card Station, Operator Station, Person-to-Person, and Real Time Rated call.

C. TIMING

On all calls other than Person-to-Person a message starts at the time communication is established between the calling station and the called telephone number.

On Person-to-Person calls, a message starts at the time communication is established between the person calling and the specified person, station or an agreed upon alternate called.

Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If one station "hangs up" but the other does not, chargeable time ends when the telecommunications network connection is released by automatic timing equipment or by the operator.

Chargeable time does not include time lost because of faults or defects in the service.

The time of day at the calling party rate center determines whether day, evening, night or weekend rates apply.

SECTION 4

ORIGINAL PAGE 5

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.3 TWO-POINT SERVICE (continued)

4.3.2 RATES AND CHARGES (continued)

D. METHOD OF APPLYING RATES

1. The charge for Two-Point MTS is determined by the distance between stations, time of day and day of week, duration of the call and class of call.
2. Determination of Airline Mileages
 - (a) Two-Point MTS rates between points in Arizona are based on the airline distance between rate centers.
 - (b) The rate centers and the central offices for the State of Arizona are listed by rate center and wire centers by exchange located in the Administrative Tariff Practice, Section 7, Attachment A.
 - (c) For the purpose of determining airline mileage, vertical and horizontal grid lines have been established across the United States. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. A vertical (V) and horizontal (H) four digit coordinate is computed for each rate center from its latitude and longitude location on a map. The intersection of the horizontal grid and the vertical grid identifies the V and H coordinates. The distance between any two-rate centers is the airline mileage computed between their respective coordinate intersections. The methodology used to determine rate mileage can be found in AT&T's Service Guides. The rates applicable to mileage bands are provided in the Schedule of Rates.
3. In cases where a message begins in one rate period and ends in another, the Initial Period rate is the rate in effect at the time connection is established. The rate for the Additional Period is the rate in effect at the beginning of each Additional Period.
4. If the total computed charges for a call include a fraction of a cent, the fractional amount is dropped.

7. Operator Dialed Surcharge

In addition to the charges in 4.3.2.E., an Operator Dialed Surcharge applies to Operator Station and Person-to-Person calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial the appropriate operator code ("0", "00" or "1010288+0") and requires prompting by the operator system to dial the called station or requests the operator to dial the called station.

The Surcharge does not apply to:

- Calls where a Customer cannot otherwise dial the call, due to defective equipment or trouble on the AT&T Telecommunications Network.
- Calls in which a Company Operator places a call for a calling party who identifies himself/herself as being a Customer with disabilities and is unable to dial the call because of his/her disability.
- Calling card calls.

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.3 TWO-POINT SERVICE (continued)

4.3.2 RATES AND CHARGES (continued)

F. SERVICE CHARGES AND SURCHARGES - MAXIMUM¹ RATES (continued)

8. NON-SUBSCRIBER SERVICE CHARGE

A service charge is applicable to interLATA Dial Station, Operator Station, Person-to-Person or Real Time Rated Calls billed to residential lines which are presubscribed to an interexchange carrier other than AT&T, or not presubscribed to any interexchange carrier. This charge is in addition to the initial period and additional period charges as well as any applicable service charges for operator handled calls.

The Non-Subscriber Service Charge does not apply to: calling card calls, intraLATA calls, conference calls, calls to AT&T Directory Assistance, or 800, 900 telephone numbers, calls using Busy Line Verification or Interruption Services, calls using Telecommunications Relay Service, calls originated from cellular phones, calls billed to residential lines which have discontinued presubscription to AT&T but for whom an active billing record still exists in AT&T's billing system, or to collect calls accessing the AT&T network via 1-800 CALLATT.

AT&T will credit any Non-Subscriber Service Charges reported by newly presubscribed AT&T Customers during the period between presubscription and administrative processing of the new Customer. AT&T will also credit any Non-Subscriber Service Charges reported by Customers during an F.C.C. reportable incident of service outage by another interexchange carrier. To receive either of these credits, Customers must contact AT&T through an 800 number designated for billing inquiries. The credit will be given either in the form of a bill credit or a Long Distance Certificate, at AT&T's discretion.

9. PUBLIC PAYPHONE SURCHARGE

A Public Payphone Surcharge applies to all completed intrastate calls placed from a public/semi-public payphone where alternate billing methods such as calling card, commercial credit card, collect and billed to a third number are utilized. The Public Payphone Surcharge applies to: (1) long distance calls placed via designated AT&T 800 numbers (e.g. 800 CALL ATT; (2) 500 Personal Number Service; (3) Easy Reach calls; (4) calls to intrastate Directory Assistance; (5) calls completed via AT&T "00" INFO Service calls; (6) AT&T 800 Plan P Service Calls; and (7) AT&T Prepaid Phone Service.

The Public Payphone Surcharge is applied in addition to any other applicable Service Charges or Surcharges.

The Public Payphone Surcharge does not apply to:

- Calls paid for by inserting coins at the public/semi-public payphone.
- Calls placed from stations other than public/semi-public payphones.

SECTION 4

ORIGINAL PAGE 13

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.4 OPERATOR-HANDLED CONFERENCE SERVICE

4.4.1 APPLICATION

Operator-Handled conference service provides simultaneous connections between three or more main stations or private branch exchange trunks or combinations thereof.

An operator connects all stations and attempts to arrange a conference call at a time specified by the Customer. The conference call may be arranged so that all stations can communicate or so that one station transmits and all others receive.

No holiday rates apply to conference service.

4.4.2 BILLING

Charges for conference service may be reversed to one of the called parties provided the total charge for all connections on a call is billed to one designated station.

If more than ten conference points are connected at one time, the minimum rate will be for a ten minute conference connection.

When suitable facilities are not available to allow connection of the requested number of conference points, a special charge, in addition to the initial and additional period rates, may apply for the equipment needed to make the connection.

4.4.3 TIMING OF CALLS

The timing regulations previously specified also apply to conference service.

Chargeable time begins when all connections are established.

A message ends when the connection is terminated at the originating point.

Chargeable time ends on any two point connection of a conference call when the called station hangs up.

4.4.4 RATES AND CHARGES

Rate airline distances for conference service are determined using the V-H system, as described preceding.

Rates are quoted in terms of initial and additional periods. The total charge is the sum of the two.

SECTION 4

ORIGINAL PAGE 14

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.4 OPERATOR-HANDLED CONFERENCE SERVICE (continued)

4.4.4 RATES AND CHARGES (continued)

A. INITIAL PERIOD

1. All Initial Period rates are for conference connections of one minute or any fraction thereof.
2. Initial Period rate is the sum of the initial minute period charges as determined by the Schedule of Rates (Section 4.3.2.E.4.), plus the Operator-Handled Conference Service Charge for each conference point from the originating station.

B. ADDITIONAL PERIOD

All Additional Period rates are for each additional minute or any fraction thereof that the conference connection continues beyond the initial period.

Additional Period rate is the sum of the additional minute charges for each conference point from the originating station as determined by the Schedule of Rates.

C. OPERATOR HANDLED CONFERENCE SERVICE

	Maximum Charge ¹
Per Call	\$6.00

D. APPLICATION OF RATE PERIODS

In cases where a message begins in one rate period and ends in another, the Initial Period rate is the rate in effect at the time connection is established. The rate for the Additional Period is the rate in effect at the beginning of the Additional Period.

4.5 SPECIAL PERIOD DISCOUNT

APPLICATION

Special period discount is for selected hours on selected days as determined by the Carrier.

Special period discount applies only to intrastate long distance message telecommunications Dial Station service between points within the State of Arizona.

The rate for Dial Station calls originated during the selected hours will be determined by the Carrier. This rate will apply only if it is less than the regular rate for a Dial Station call.

SECTION 4

ORIGINAL PAGE 16

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.7 AT&T TRUE TIES¹ CALLING PLAN

4.7.1 DESCRIPTION

AT&T True Ties¹ Calling Plan is an AT&T Long Distance Service that permits the Customer (subscriber) to receive direct dialed calls originated over the AT&T network from subscriber-authorized telephone numbers and have those calls automatically reverse-billed to the Customer without the assistance of a Company operator. Intrastate service is furnished where facilities and billing capabilities permit, and is an add-on to the interstate AT&T True Ties¹ Calling Plan. All terms and conditions, features and functions, installation and monthly, and any other charges except for intrastate usage will apply as described in the interstate plan in the AT&T Consumer Service Guide.

4.7.2 RATES AND CHARGES

Usage charges for calls are Dial Station rates as specified in Section 4.3.2.E.1. preceding.

	MAXIMUM SERVICE CHARGE ¹
Per Call	\$2.75

4.8 IN-STATE CONNECTION FEE

4.8.1 DESCRIPTION

A monthly service charge will be applied to each AT&T Long Distance residential Customer's account. This monthly charge is applied if the Customer has AT&T billable charges on their bill, including, but not limited to, monthly recurring charges or minimum usage charges. This charge does not contribute towards any applicable minimum charge.

The fee does not apply to customers on the AT&T Long Distance Lifeline plan or AT&T Local Service, if applicable.

4.8.2 RATES AND CHARGES

	MAXIMUM IN-STATE CONNECTION FEE ¹
Monthly Charge	\$4.50

¹ See Price List for current rates.

4.9. AT&T UNLIMITED PLAN (USOC: BLKNP)

4.9.1 DESCRIPTION

Residential Customers who currently subscribe to or select AT&T as their Primary Interexchange Carrier can enroll in this Plan.

Customers must agree to receive a billing statement from AT&T for all their AT&T calls, and agree not to receive individual call details for any calls that are included in the unlimited calling portion of this plan, such as minutes of usage, time-of-day called, and originating or terminating points of call.

This plan is offered in conjunction with the AT&T interstate plan and is available where billing and technical capability exists. All other terms, conditions and customer eligibility under this plan are specified in the AT&T Consumer Service Guide.

4.9.2 RATES AND CHARGES

Customers subscribed to this plan must pay a monthly recurring charge, as specified in the interstate AT&T Consumer Guide. The monthly recurring charge will entitle the customer to unlimited direct dialed station interstate and intrastate long distance calls to residential telephone lines that are subscribed to AT&T as their Primary Interexchange Carrier. The monthly recurring charge applies whether or not a customer makes any calls.

Eligible Dial Station intrastate long distance calls that are not placed to residential telephone lines that are subscribed to AT&T as their Primary Interexchange Carrier will be charged a per minute rate that is in effect all day, seven days a week. This includes, but is not limited to, calls to: telephone lines that are subscribed to a Primary Interexchange Carrier other than AT&T; on-line services or Internet access services; wireless devices (e.g. phones or pagers); businesses; and subscribers to a business customer calling plan.

AT&T will rate eligible direct dialed station long distance calls that are not made to residential telephone lines that are presubscribed to AT&T as the Primary Long Distance Carrier on a per minute basis for qualified persons who have a hearing and/or speech disability. Customer eligibility requirements are specified in the interstate AT&T Consumer Service Guide.

Rates and Service Charges for Calling Card Calls and Operator-Handled Calls apply as specified in Section 4.3.2.E of this tariff.

Eligible Calls	Maximum Rate Per Minute ¹
Dial Station	\$0.21

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.10 AT&T DIRECTORY SERVICES

4.10.1 DIRECTORY ASSISTANCE SERVICE

Intrastate Directory Assistance service allows Customers to request information from Directory Assistance records. Customers may access this service by dialing the area code (NPA) for the telephone number(s) desired plus 555-1212. Directory Assistance charges apply to all requests. Customers are allowed a maximum of two requests for listings within the area code dialed per call to Directory Assistance. The Directory Assistance Charge applies whether or not the requested telephone number(s) is furnished (e.g., where the requested telephone number is unlisted, non-published or no record can be found). In addition to the Directory Assistance Charge, Customers are charged the appropriate Operator Service Charges as specified in Section 4.3.2. Person-to-Person and collect calls to Directory Assistance are not permitted. Maximum Rate¹

	Maximum Rate ¹
Per Call	\$3.00

4.10.2 RESERVED FOR FUTURE USE

4.10.3 "00" INFO SERVICE

"00" INFO is an information or directory service where customers may obtain information for locations within the United States such as telephone numbers and area codes, as well as international country and/or city codes, time-of-day information. "00" INFO may be accessed by dialing "00", dialing 1-800-CALL-ATT, or dialing other such access numbers designated by the company. Customers will be billed a "00" INFO charge for each request of two intrastate listings or portion thereof. The "00" INFO charge applies when the operator undertakes a search for the requested information whether or not the information is furnished. This service is complementary to the interstate service of the same name and will be available only where billing capabilities exist. Additional terms and conditions for this service are specified in the interstate plan.

	Maximum Rate ¹
Charge per each two (2) interstate listings or portion thereof requested	\$1.50

4.16 AT&T LOCAL ONE RATE[®] PLUS PLAN (USOC: CPMTX)

This plan is grandfathered to existing Customers and not available to new Customers on or after January 13, 2007.

Residential Customers who subscribe to AT&T Residential Local Service and select AT&T as their Primary Interexchange Carrier can enroll in this Plan. Customers can enroll in this plan by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number or by enrolling during a marketing contact with AT&T.

This offer is only available to Customers in the local service territory served by AT&T. Customers must obtain their local and InterLATA long distance service from AT&T and continuously maintain their wire line Main Billed Account with AT&T to receive the benefits of this Plan. This plan is an add-on to the interstate service of the same name, which has a monthly recurring charge and will be available where billing capabilities exist. All other terms, conditions, and Customer eligibility, for this plan is specified in the AT&T Consumer Service Guide.

SECTION 4

ORIGINAL PAGE 22

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.17 AT&T TELECOMMUNICATIONS RELAY SERVICES

4.17.1 Definition

AT&T Telecommunications Relay Services (TRS) are telephone transmission services that provide the ability for an individual who has a hearing or speech disability to engage in communication by wire or radio with a standard telephone user in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech disability to communicate using voice communication services by wire or radio. This offering includes services that enable two-way communication between an individual who uses a text telephone ("TTY") or other non-voice terminal device and an individual who does not use such a device, speech-to-speech "STS" services, and non-English relay services.

TRS allows people with hearing or speech disabilities to communicate by telephone with persons who may or may not have such disabilities. This is accomplished through TRS facilities that are equipped with special technology and staffed by communications assistants (CAs) who relay conversations between persons using either text or voice telecommunications devices. To access TRS, a TTY user dials "711" or the toll-free telephone number of the TRS service. For the TTY user, this first step (the inbound call to the TRS center) is functionally equivalent to receiving a "dial tone". The caller then gives the number of the party he or she desires to call to the CA. The CA in turn places an outbound voice call to the called party. The CA serves as the "link" in the conversation, converting all TTY messages from the caller into voice messages, and all voice messages from the called party into typed messages for the TTY user. The process is performed in reverse when a standard voice telephone user initiates the call.

The AT&T Relay Service will accept calls which originate and/or terminate in Arizona, or calls between two other jurisdictions which are billed to a telephone number in Arizona or to a Calling Card (i.e., LEC, Commercial Credit Card or AT&T Calling Card), and which can be dialed directly by a communications assistant at the request of the originating caller.

This plan is an add-on to AT&T's interstate offering and is available where facilities and billing capabilities permit. Additional terms and conditions applicable to this offering may be found in the AT&T Telecommunications Relay Service Service Guide located on the AT&T Consumer Service Guide website at [//www.att.com/serviceguide/home](http://www.att.com/serviceguide/home).

SECTION 4 - MESSAGE TELECOMMUNICATIONS SERVICE

4.17 AT&T TELECOMMUNICATIONS RELAY SERVICES (continued)

4.17.2 Rates and Charges

AT&T Dial Station calls placed and billed by the Relay provider through the Arizona Relay Service are eligible for the rates specified below and shall be billed to the caller.

For Customers subscribed to an AT&T Optional Calling Plan, with the exception of the AT&T True Reach Plan, Direct Dialed Station and Calling Card TRS calls are billed at the same rate as the Customer's plan.

For Relay Customers who are not subscribed to an AT&T Optional Calling Plan or who are subscribed to the AT&T True Reach Plan, Direct Dialed Station TRS calls are billed as shown in the chart below.

TRS calls placed from a public or semi-public payphone and billed to an AT&T Calling Card, Local Telephone Company Calling Card or Commercial Credit/Charge Card are billed as shown in the chart below, with no per call service charge.

TRS calls (non-payphone calls) billed to an AT&T Calling Card, a Credit/Charge card recognized by AT&T or a Local Telephone Company issued Calling Card are billed at basic AT&T Calling Card rates as found in Section 4.2.3 of this tariff.

Rates and Service Charges for Operator-Handled Calls apply as specified in Section 4.2.3 of this tariff.

There is no monthly recurring charge or usage minimum charge that applies. Customers are also eligible for threshold billing. Customers do not have to be presubscribed to AT&T to be eligible for this offer.

Rates and Charges:

Class of Service	Maximum Rate Per Minute ¹
Dial Station	\$0.21
TRS calls placed from a public or semi-public payphone that are billed to a qualifying calling card or commercial credit card	\$0.21

ORIGINAL PAGE 1

SECTION 5 - OPTIONAL CALLING PLANS

5.1 REACH OUT ARIZONA

Customers may not subscribe to this plan on or after September 26, 1997.

For the monthly recurring rate, Reach Out Arizona provides residential Customers an hour allotment consisting of up to 60 calls of intrastate, distance insensitive, dial station, long distance service in the Night/Weekend rate periods. Calling in excess of one hour is billed at a lower minute rate. An additional percent discount is applied to the monthly total charges of Evening rated calls.

REGULATIONS

The minimum service period for the Reach Out Arizona is one month. Customers who retain service for less than one month will be billed the monthly recurring rate.

Reach Out Arizona is provided only where billing capability permits.

Customers selecting Reach Out Arizona may not subscribe to any other AT&T intrastate optional calling plan.

Reach Out Arizona does not include Directory Assistance, Conference Service, operator-handled, or calling card calls.

The charges and discounts in effect under this plan apply to all lines and trunks billed to the same billing number (one account).

Reach Out Arizona may be discontinued by the customer upon written or telephonic notice to AT&T. In addition, AT&T will discontinue a Customer's subscription to the Plan in the following situations:

- When AT&T is notified, on or after November 25, 1991, that the Customer has changed its primary interexchange carrier to a carrier other than AT&T after the Customer subscribed to the Plan, and the Customer has not notified AT&T that it wishes to continue such Plan. Discontinuance will be effective as of the date the Customer changed its primary interexchange carrier.
- When AT&T has notified a Customer who changed its PIC to a carrier other than AT&T prior to November 25, 1991 in writing that it plans to discontinue the Customer's Plan and the Customer does not, within 30 days of such notification, notify AT&T that it wishes to continue such Plan. Discontinuance will be effective 30 days from AT&T's mailing of its notification to the Customer.

Dial Station - IntraLATA	\$0.25

5.21 AT&T NATIONWIDE CALLING 120sm (USOC: BLKF8)

AT&T will offer this plan to residential customers who are: 1) presubscribed to AT&T as their primary long distance carrier, 2) have an AT&T local access line, and 3) are enrolled in this plan.

This plan includes AT&T direct dial station state-to-state and in-state long distance calls that are made from the customer's home, billed to the customer's main residential telephone account, and made without using an AT&T Operator or an AT&T automated call processing system. All other types of calls are rated at basic rates unless the customer is enrolled in another AT&T plan that covers these other types of calls.

This plan is an add-on to the interstate AT&T Nationwide Calling 120sm plan, which includes a monthly recurring charge that entitles the customer to 120 minutes of interstate and intrastate long distance direct dial station usage. This offer is available only where facilities and billing capabilities permit. All other terms and conditions, extensions or expirations and Customer eligibility are contained in the Consumer AT&T Service guide.

RATES AND CHARGES

Unused block-of-time minutes will not be carried over to the next month. In-state long distance direct dial station calls over and above the monthly minute allotment will be rated as follows, 24 hours a day, seven days a week:

Class of Service	Maximum Rate Per Minute ¹
InterLATA Calls	\$0.30
IntraLATA Calls	\$0.30

5.44 AT&T UNLIMITED SUNDAYS PLAN (USOC: BLKJD)

Residential Customers who currently subscribe to or select AT&T as their Primary Long Distance Carrier can enroll in this plan by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number, or by enrolling during a marketing contact with AT&T.

Customers subscribed to this plan must pay a monthly recurring charge, as specified in the interstate Consumer AT&T Service Guide.

This plan provides unlimited Sunday minutes of direct dialed 1+ state-to-state and in-state long distance calling for residential voice service only. If it is determined that usage is not consistent with residential voice applications, such as for Internet access services, commercial facsimile or auto-dialing, call forwarding, three-way calling, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict or cancel your service without prior notice.

The Sunday rate period is 12:00 a.m. through 11:59 p.m. Sunday. The weekday and Saturday rate period is 12:00 a.m. Monday through 11:59 p.m. Saturday. AT&T will rate eligible direct dialed station state-to-state and in-state long distance calls at 21¢ a minute (MAXIMUM RATE¹), 24 hours a day, everyday except Sunday.

Rates and Service Charges for Calling Card Calls and Operator-Handled Calls apply as specified in Section 4.3.2.E of this tariff.

This plan is offered in conjunction with the interstate AT&T Unlimited Sundays Plan and is available where facilities and billing capabilities permit. All other terms, conditions and Customer eligibility under this promotion are specified in the Consumer AT&T Service Guide.

SECTION 5 - OPTIONAL CALLING PLANS

5.45 AT&T UNLIMITED WEEKENDS PLAN (USOC: BLKJB)

Residential Customers who currently subscribe to or select AT&T as their Primary Long Distance Carrier can enroll in this plan by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number, or by enrolling during a marketing contact with AT&T.

Customers subscribed to this plan must pay a monthly recurring charge as specified in the interstate AT&T Consumer Service Guide.

This plan provides unlimited weekend minutes of direct dialed 1+ state-to-state and in-state long distance calling for residential voice service only. If it is determined that usage is not consistent with residential voice applications, such as for Internet access services, commercial facsimile or auto-dialing, call forwarding, three-way calling, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict or cancel your service without prior notice.

The weekend rate period is 12:00 a.m. Saturday through 11:59 p.m. Sunday. The weekday rate period is 12:00 a.m. Monday through 11:59 Friday. AT&T will rate eligible direct dialed station state-to-state and in-state long distance calls at 21¢ a minute (MAXIMUM RATE¹), 24 hours a day, and every weekday.

Rates and Service Charges for Calling Card Calls and Operator-Handled Calls apply as specified in Section 4.3.2.E of this tariff.

This plan is offered in conjunction with the interstate AT&T Unlimited Weekends Plan and is available where facilities and billing capabilities permit. All other terms, conditions and Customer eligibility under this promotion are specified in the Consumer AT&T Service Guide.

SECTION 5 - OPTIONAL CALLING PLANS

5.49 AT&T LUCKY DOG 1010345 SERVICE

Customers may access the network by dialing the access code, 1010345, to complete a Customer dialed intrastate station-to-station call billed to the originating telephone number. Calls billed to a Calling Card, calls placed from a payphone and calls requiring operator assistance are excluded from this service. Specifically, qualifying intrastate calls as described above will be rated as specified below. This service is available to customers located in the following central office codes listed below, where billing capability is available. All calls are rounded up to the next full minute.

SECTION 5 - OPTIONAL CALLING PLANS

5.50 AT&T ONE RATE[°] CALLING CARD

Customers who have or choose AT&T as their Primary Long Distance Carrier may enroll in this offer by completing and returning a written subscription form to AT&T, calling a designated AT&T 800 number to subscribe or subscribe during a marketing contact with AT&T.

AT&T One Rate Calling Card offers a per minute rate on all local, intraLATA toll, in-state long distance and state-to-state long distance Customer dialed calling card calls that are placed via 1-800-CALLATT and are billed to an AT&T Calling Card associated with the Customer's AT&T main residential telephone account.

This offer is an add-on to the interstate AT&T One Rate[°] Calling Card offer and is available where technical and billing capabilities exists. All other terms and conditions, extensions or expirations and Customer eligibility are contained in the Consumer AT&T Service Guide.

5.68 AT&T NATIONWIDE CALLING 120 DIRECT (USOC: BLKF9)

AT&T will offer this plan to residential customers who are presubscribed to AT&T as their primary long distance carrier and are enrolled in this plan.

This plan includes AT&T direct dial station state-to-state and in-state long distance calls that are made from the customer's home, billed to the customer's main residential telephone account, and made without using an AT&T Operator or an AT&T automated call processing system. All other types of calls are rated at basic rates unless the customer is enrolled in another AT&T plan that covers these other types of calls.

This plan is an add-on to the interstate AT&T Nationwide Calling 120sm Direct plan, which includes a monthly recurring charge that entitles the customer to 120 minutes of interstate and intrastate long distance direct dial station usage. This offer is available only where facilities and billing capabilities permit. All other terms and conditions, extensions or expirations and Customer eligibility are contained in the Consumer AT&T Service guide.

RATES AND CHARGES

Unused block-of-time minutes will not be carried over to the next month. In-state long distance direct dial station calls over and above the monthly minute allotment will be rated as follows, 24 hours a day, seven days a week:

5.70 AT&T EASYREACH 800 SERVICE (USOC: 17CE1, ER8GA, 17CE2, OCPE1, TENXH)

AT&T EasyReach 800 Service is a custom switched telecommunications service which permits inward 800 number calling from stations located in the state of Arizona to a station associated with a Customer's local exchange telephone number. AT&T EasyReach 800 Service includes only one routing arrangement per AT&T EasyReach 800 Service telephone number. Each routing arrangement furnished to the Customer will be arranged for either Option 1 or Option 2 only. The usage rates specified for Option 1 or Option 2 apply for all times of day, seven days a week for all distances.

Intrastate EasyReach 800 Service is an add-on to interstate EasyReach 800 Service and all terms and conditions, features and functions, installation and monthly charges, and any other charges except intrastate usage will apply as described in the AT&T Consumer Services Guides. This schedule only applies to intrastate usage.

RATES AND CHARGES

Usage is billed per AT&T EasyReach 800 Service telephone number. The length of each call is rounded up to the next full minute. Charges for total chargeable minutes of usage will be determined and rounded up to the next cent.

	Maximum Rate Per Minute ¹

SECTION 6 - MISCELLANEOUS SERVICES AND PROMOTIONS

6.1 MISCELLANEOUS SERVICES

6.1.1 PREPAID PHONE SERVICE

A. Description

AT&T Prepaid Phone Service provides outbound voice grade communications service for calls charged to the following Prepaid Phone Card. ("Prepaid Phone Cards"):

- Prepaid Phone Cards (physical or virtual) containing the AT&T brand, which include cards co-branded with the brand of another company (hereinafter "AT&T Branded Prepaid Phone Cards")
- Prepaid Phone Cards (physical or virtual) containing the SmarTalk brand (hereinafter "SmarTalk Prepaid Phone Cards") and Prepaid Phone Cards where service is provided by ConQuest. Services provided with these cards are provided by AT&T d/b/a SmarTalk and ConQuest.

Customers can purchase Prepaid Phone Cards as follows:

- AT&T Branded Prepaid Phone Cards directly from AT&T
- AT&T Branded Prepaid Phone Cards directly from retailers
- SmarTalk Prepaid Phone Cards and Prepaid Phone Cards where service is provided by ConQuest directly from retailers.

When sold through a retailer, price points for Prepaid Phone Cards and recharged minutes are established by the retailer and are prominently disclosed at the point of sale. When sold directly by AT&T, price points for Prepaid Phone Cards and recharged minutes are established by AT&T and are fully disclosed to purchaser at the time of sale.

This in-state offer is an add-on to the interstate AT&T Prepaid Phone Service accessed through AT&T Branded Prepaid Phone Cards described in AT&T's Consumer Service Guide located at <http://www.att.com/serviceguide/home>. All terms and conditions are contained and described within the AT&T Consumer Service Guide.

This in-state offer is also an add-on to the interstate AT&T Prepaid Phone Service accessed through SmarTalk Prepaid Phone Cards and Prepaid Phone Cards where service is provided by ConQuest described in the Prepaid Phone Card Service Agreement located at <http://www.prepaidserviceguide.com>

SECTION 6 - MISCELLANEOUS SERVICES AND PROMOTIONS

6.1 MISCELLANEOUS SERVICES (continued)

6.1.1 PREPAID PHONE SERVICE (continued)

B. Rates and Charges

When sold directly by AT&T, price points for AT&T Branded Prepaid Phone Cards are established by AT&T. When sold by retailers, price points for Prepaid Phone Cards are established by the retailer. Prices for cards sold by retailers are prominently displayed on the card or otherwise clearly provided to the customer. Prices for cards sold directly by AT&T are fully disclosed to purchasers prior to and at the time of sale. The price points do not include any sales tax and may not include other fees and charges that may apply to the transaction at point of purchase.

AT&T Branded Prepaid Phone Cards - Minute/Unit based cards are available in various denominations up to 1200 interstate minutes/units per card, or as otherwise specified by AT&T. Dollar based cards are available in various denominations up to \$100.00, or as otherwise specified by AT&T. AT&T Branded Prepaid Cards, as well as recharged minutes or dollar value of service on these cards, will have a maximum per minute interstate price not greater than 25¢ unless purchased from a vending machine or at a terminal or transportation center, in which case the maximum per minute interstate price will not be greater than 99¢. In-state calls made with AT&T Branded Prepaid Phone Cards may be decremented up to a maximum¹ twenty-four minutes/units per minute of talk time. AT&T Branded Prepaid Phone Cards may have an expiration date, as disclosed on the card and/or in the marketing material. AT&T Branded Prepaid Phone Cards may be rechargeable as disclosed on the card and/or in the marketing material. If rechargeable, a recharge convenience fee of up to a maximum of 15% of the recharge amount applies.

SmarTalk Prepaid Phone Cards and Prepaid Phone Cards where service is provided by ConQuest - Minute/Unit based cards are available in various denominations up to 1200 interstate minutes/units per card, and Dollar based cards are available in various denominations up to \$100.00, or as otherwise specified. These cards will have a maximum per minute interstate price, exclusive of surcharges, not greater than \$0.25 unless purchased from a vending machine or at a terminal or transportation center, in which case the maximum per minute interstate price, exclusive of surcharges, will not be greater than \$0.99. The following charges will be applied against calls made with a PenniesRule! SmarTalk Prepaid Phone Card: a 79¢ first minute surcharge for calls within the U.S., and a weekly fee of 12¢ beginning 7 days after first use. The following charges will be applied against calls made with a Habla a Mexico SmarTalk Prepaid Phone Card: a weekly maintenance fee of 95¢ after the first call is made, a 30% communication fee of the total value of the call, after each call, and calls more than 15 minutes are charged 50¢.

SECTION 6 - MISCELLANEOUS SERVICES AND PROMOTIONS

6.1 MISCELLANEOUS SERVICES (continued)

6.1.1 PREPAID PHONE SERVICE (continued)

B. Rates and Charges (continued)

A first minute surcharge of up to \$3.00 will apply to World Touch SmarTalk prepaid cards. SmarTalk and Prepaid Phone Cards and Prepaid Phone Cards where service is provided by ConQuest are not rechargeable unless otherwise expressly stated on the card or packaging. If rechargeable, a recharge convenience fee of up to a maximum of 15% of the recharge amount applies. SmarTalk Prepaid Phone Cards and Prepaid Phone Cards where service is provided by ConQuest may have an expiration date as disclosed on the card and/or in the marketing material. In-state calls made with cards purchased from a vending machine or at a terminal or transportation center will be decremented one minute/unit for each minute of talk time. All other SmarTalk and Prepaid Phone Cards where service is provided by ConQuest may be decremented up to a maximum^[1] twenty-four minutes/units of talk time for in-state calls.

Directory Assistance is available only through the AT&T Prepaid Phone Service platform and is only available for domestic directory assistance requests. Directory assistance requests will have a maximum¹ of not greater than 180 minutes/units for Minute/Unit based cards or \$9.00 for dollar based cards per request. An announcement will provide the charge for directory assistance prior to connecting the call.

The U.S. Public Payphone Surcharge applies when a Prepaid Phone Card is used to place a call from a U.S. public or semi-public payphone.

6.1.2 AT&T-OWNED PAY TELEPHONES

Charges for Intrastate Interlata Message Toll Service, Card and Operator Handled Calls are specified in Section 4 of the Price List.

Local Message Service and Intrastate Intralata Message Toll Service are handled by the Local Exchange Company.

6.2 PROMOTIONS²

From time to time, the Carrier may offer goods and services at a reduced rate or free of charge for promotional, market research, or rate experimentation purposes. Such offerings will be for a limited duration and Customers will be so notified.

¹ See Price List for current rates.
